Description/Remarks (Include reasons for contract modifications, if applicable, and indicate if extension or renewal option) Subsequent to the lack of competition, the MDOT MAA requested and obtained feedback as to why potential bidders chose not to bid on the project. The MDOT MAA discovered removing the Small Business Reserve requirement would garner more competition. In accordance with COMAR 21.06.02.02 C. the MDOT MAA has determined that rejecting the single bid is in the State’s best interest because proposed amendments to the solicitation would be of such magnitude that a new solicitation is desirable. The MDOT MAA is in the process of drafting proposed amendments that are needed to improve the project and foster competition
